

Individualized Education Program (IEP)

SYNTHETIC DEVELOPMENT RECORD — NOT A REAL STUDENT

1. Student / IEP Information

Student:	Caleb Nguyen
Date of Birth:	2016-03-09
Grade:	5
School:	Synthetic Elementary School
District:	Synthetic District
IEP Date:	2026-10-21
IEP Period:	2026-10-21 through 2027-10-20

2. Eligibility

Eligibility Category:	Specific Learning Disability (SLD) - Reading
Primary Educational Need:	Reading Comprehension
Determination Date:	2026-10-14

This IEP implements the current educational eligibility determination. It is not a medical diagnosis. The eligibility category remains Specific Learning Disability (SLD) - Reading.

3. Present Levels of Academic Achievement and Functional Performance

On grade-level reading passages, Caleb answers comprehension questions with 60% accuracy. This classroom instructional measure is the present-levels baseline for the annual goal in this IEP.

Recent academic reevaluation documented oral reading fluency of 104 WCPM on grade-level passages. Oral reading rate and accuracy are stronger than earlier instructional records. Persistent difficulty is now most evident when Caleb must construct meaning from grade-level text.

4. Educational Need

The primary educational need is Reading Comprehension. Caleb has difficulty understanding and answering questions about grade-level connected text. This difficulty affects Caleb's ability to learn from grade-level reading in content-area classes.

5. Annual Goal

Given a grade-level informational or literary passage, Caleb will answer comprehension questions (literal and inferential) with at least 80% accuracy on three consecutive weekly probes.

Goal ID:	GOAL_READING_COMPREHENSION
----------	----------------------------

Baseline:	60% accuracy
Target:	80% accuracy
Mastery Criterion:	on three consecutive weekly probes
Start Date:	2026-10-21
Target Date:	2027-10-20

Progress will be measured using grade-level passage comprehension probes. This IEP does not include an oral-reading-fluency annual goal.

6. Special Education Services

Service	Frequency	Session Length	Location	Start Date
Specialized reading instruction	5x/week	45 minutes per session	special education setting	2026-10-21

Specialized reading instruction continues five times per week for 45 minutes per session in the special education setting.

7. Accommodations

- Extended time (1.5x) on classroom and district assessments.
- Text-to-speech for lengthy content-area passages.

Extended time (1.5x) continues from the prior IEP. Text-to-speech for lengthy content-area passages is added so that length of assigned reading does not prevent access to content-area material.

8. Progress Reporting

Progress toward the annual comprehension goal will be measured using grade-level passage questions and reported quarterly, concurrent with report periods.

9. Team / Parent Participation

The following roles participate in development of this IEP. No personal names, telephone numbers, or addresses are recorded in this synthetic record.

Parent/Guardian:	[Synthetic signature omitted]
General Education Teacher:	[Synthetic signature omitted]
Special Education Teacher:	[Synthetic signature omitted]
District Representative:	[Synthetic signature omitted]
Date:	2026-10-21

10. IEP Summary

This IEP addresses Reading Comprehension for Caleb Nguyen. The instructional baseline is 60% accuracy on grade-level passage comprehension questions. The annual goal targets 80% accuracy on three consecutive weekly probes by 2027-10-20.
