This IEP implements the educational eligibility determination. Eligibility category: Other Health Impairment. This is not a medical diagnosis. No medical diagnosis is recorded in this IEP.

3. Present Levels of Academic Achievement and Functional Performance

Jordan has a documented reading comprehension need. Jordan has difficulty constructing meaning from grade-level connected text during independent reading and written response tasks. Classroom performance shows stronger oral participation than independent written response after reading. Isolated word reading is stronger than construction of meaning from grade-level connected text.

On this IEP date, Jordan's instructional comprehension baseline is 55% accuracy on grade-level informational probes. Jordan benefits from structured discussion before written response. This present-levels description does not report a behavior-frequency baseline and does not include a Behavior Intervention Plan.

Functional performance in the classroom is generally adequate during teacher-directed and small-group instruction. This annual IEP does not identify a formal behavior goal. Behavior plan: None Behavior consultation: None

4. Educational Need

The primary educational need is Reading comprehension. Jordan requires specially designed instruction to access grade-level informational text and to produce written responses that demonstrate understanding. An additional documented need for self-regulation is not identified on this IEP date.

5. Annual Goal

Given a grade-level informational passage, Jordan will answer literal and inferential comprehension questions with at least 80% accuracy on three consecutive curriculum-based probes.

Goal ID: GOAL_READING
